Wii Watching the Yu-Gi-Oh! anime series is a great way to discover this form of "card battle" and get a feel for the world of Yu-Gi-Oh! in English (though the story elements only exist in Japanese, as with all the Yu-Gi-Oh! series), and the YGO animated series serves as a great introduction to the world of the card games. In Japan, the first five episodes were released on the fifth of every month starting from November 2004. The first and sixth episodes were released on DVD by Media Blasters with English subtitles. The last three episodes were released on DVD in 2006, and the first four episodes in March 2008. Only two of the episodes were released on the Japanese region 2 DVD under the name "YGO Battle Games Game Collection (Nyuusō Jidō Shōmei-hen)". The videos are rather short, and despite appearing to have many shows, only four episodes are actually centered on new information, the other four episodes in the series are fan-service-centered, with the Yu-Gi-Oh! Zexal anime series being based around the Yu-Gi-Oh! GX anime series, and the Yu-Gi-Oh! 5D's anime series being about the Yu-Gi-Oh! 5D's. "The" 1st episode of the Yu-Gi-Oh! anime series is also the first episode of the Yu-Gi-Oh! GX anime series, and they are the first episodes released on DVD and Blu-ray. Other episodes of the Yu-Gi-Oh! GX anime series are also released on DVD and Blu-ray. The Yu-Gi-Oh! card game takes place in the same universe as the anime series, and is based around the cards the characters have acquired throughout the story. The first Yu-Gi-Oh! card game took place in late 2004 (in the Japanese version). It was called Yu-Gi-Oh! Duel Monsters World Championship 2004, and was originally released in Japan on April 19, 2005, with a total of 400 cards. With the series, the cards used were the same as the cards used in the 1st episode of the anime series. The cards were originally released in late 2004. The series was also released on DVD and Blu-ray, in Japan on April 5, 2008, and in America on May 12, 2008 2d92ce491b
