But the question is that I want to remove the font name and numbers from the file name. A: You could do something like: cat out.txt | awk -F'(' '{print \$NF}' | tr -d '(' ')') | tr -d '.' Sonakshi Sinha is presently donning the role of a politician in television drama 'Uganda Yeh Jawaani Hai Deewani'. While the actors seen in the film is awe-inspiring, her real-life look has also received a mixed response from the public. As per a report by the Indian Express, the actress received a lot of flak for looking incredibly dull and unattractive in the first two episodes of the show. While the leading ladies are set to give a fierce fight for the votes and elections, Sonakshi is scheduled to step into politics in the show. It was reported that Sonakshi has been sporting extensions in front and back that are expensive as well as heavy. While some pointed out that she is tired and looking dull, others complimented her looks in the show. Meanwhile, Sonakshi has earlier said that she was not dating anyone as of now. "I'm not into dating these days. I don't know why, I haven't been on any dates for the past few months. I have a very low energy. I am in my office working a lot," she had said in an interview in June last year. She had also added, "I'm not into dating these days. I don't know why, I haven't been on any dates for the past few months. I have a very low energy. I am in my office working a lot."Q: Will more options damage the platform? Possible Duplicate: What are our policy on new feature requests? I am getting this message on 3 of my SE sites. (I have 2 other SE sites on which I don't see this message). It looks like this. I was wondering if more sites will start using this. Will there be some kind of repercussions? If so, I would rather not see this message because I think that it will cause me to get fewer votes.
